## **Preamble**

The Institutional Innovation Committee is formed to systematically encourage, nurture, and support innovation, research, entrepreneurship, and start-up culture within the Ayurvedic College, integrating traditional knowledge with modern scientific approaches.

## **Roles and Responsibilities**

- 1. Promotion of Innovation and Creativity**
  - a. Encourage students and faculty to generate innovative ideas in Ayurveda, herbal medicine, integrative healthcare, and wellness technologies.
  - b. Organize idea generation camps, hackathons, innovation contests, and project exhibitions.
  - c. Promote problem-solving projects addressing local, national, and global healthcare challenges.
- 2. Capacity Building**
  - a. Conduct workshops, seminars, and training on innovation, intellectual property rights (IPR), research methodology, and entrepreneurship.
  - b. Provide orientation programs for students and staff on innovation and start-up policies.
  - c. Develop skills in areas like product development, formulation standardization, quality control, and digital health applications in Ayurveda.
- 3. Research and Development Support**
  - a. Motivate students and faculty to undertake interdisciplinary and translational research.
  - b. Facilitate collaborations with research councils, boards, universities, and industry partners.
  - c. Support student/faculty projects to apply for grants from NMPB, CCRAS, AYUSH, DST or any other funding agency.
- 4. Entrepreneurship and Start-up Ecosystem Development**
  - a. Guide students in developing business models for Ayurvedic formulations, nutraceuticals, wellness tourism, Ayurveda tourism, herbal cosmetics, and digital health platforms.
  - b. Establish an incubation/innovation cell within the college to support prototypes and start-ups.
  - c. Connect budding entrepreneurs with mentors, investors, and government start-up schemes.
- 5. Intellectual Property Management**
  - a. Spread awareness on patents, trademarks, copyrights, and traditional knowledge protection.
  - b. Support students and faculty in filing IPR for innovative products or processes.
  - c. Encourage documentation of local traditional healing practices ethically.

6. **Collaboration and Networking**

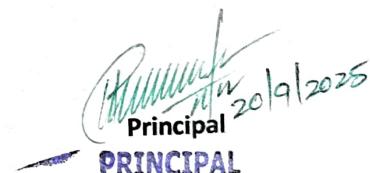

- a. Create linkages with local industry, herbal farms, pharmaceutical companies, and wellness centers.
- b. Partner with government bodies, NGOs, and start-up networks to scale innovations.
- c. Promote community engagement by involving local healers, practitioners, and entrepreneurs.

7. **Monitoring and Evaluation**

- a. Maintain records of innovation-related activities and achievements.
- b. Review outcomes of projects and provide feedback for improvement.

**Expected Outcomes**

- 1. Student start-ups and innovation-driven projects in Ayurveda.
- 2. Increased research publications, patents, and prototypes.
- 3. Enhanced employability and entrepreneurial mindset among students.
- 4. Contribution to integrative healthcare solutions and promotion of India's traditional knowledge globally.
